## Pick of the week

### **The Quadrant Hotel, Auckland**

The Quadrant says it is Auckland's hippest four-star experience and although you may want to take that with a grain of salt, it is certainly a stylish place to stay. Located just up from Chancery Lane, it has everything you need in studio, one and two bedroom apartments. The hip factor comes from the stylish white entrance, the cool Quad bar and the events packages they put together to fit in with concerts at nearby Vector Arena. For example, this month they are the official hotel for New Zealand Music Month, so visit [Travelbug.co.nz](http://Travelbug.co.nz) and book your NZ Music Month package for just \$120 including a T-shirt, room upgrade and a late checkout.
